Investing in securities involves inherent risks, including the risk that you can lose the value of your investment.

An investment concentrated in sectors and industries may involve greater risk and volatility than a more diversified investment. There are risks associated with small- and mid-cap investing such as less liquidity, limited product lines and small market share.

Consider the investment objectives, risks, charges, expenses, and share classes of each ICON Fund carefully before investing. The prospectus, summary prospectus, and the statement of additional information contain this and other information about the Funds and are available by visiting www.investwithicon.com or calling 1-800-828-4881.
